CapSure[®] – VP Sealed Edge Cleanroom Laundered 100% Polyester Knit wiper

CapSure[®]–VP is a sealed edge cleanroom laundered wiper that has been specially engineered for superior surface cleaning ability. A patented (#8,431,497) surface treatment allows the wiper to capture and retain particulate contamination, resulting in more efficient cleaning and reduced likelihood of cross contamination of critical surfaces. CapSure®–VP's no-run interlock knit construction provides a smooth surface texture and excellent absorbency characteristics. This combination of particulate capturing technology, absorbency and very low fibers and particles results in the superior performance required in ISO Class 3 and above environments.
