

VersaQuat™

VersaQuat™ is an EPA-registered, RTU (ready-to-use) one-step disinfectant and cleaner which utilizes well-established and accepted quaternary ammonium chemistry with acceptable residue and safety profiles. With broad-spectrum, best-in-class efficacy claims (30 kill claims), VersaQuat™ delivers consistent quality and intuitive usage. Recommended for use as a standard disinfectant as part of a disinfectant rotation program, VersaQuat™ is ideal for use in controlled environments such as laboratories, cleanrooms, and manufacturing facilities as well as hospitals, home healthcare settings, and veterinary clinics. VersaQuat™ can also be used in offices, schools, gyms, and homes. Quick, effective, and convenient, VersaQuat™ is not abrasive and is compatible with various hard, non-porous surfaces.

FEATURES	BENEFITS
Kills 99.99% of bacteria, viruses, and fungi	• Kills common microbiological contaminations on surfaces
Consistent quality and intuitive usage	• Can use in a variety of applications • Ideal for large surface cleaning
Utilizes safe and effective chemistry	• No strong odor provides good user acceptability • No special disposal is required
Bottles double bagged	• Facilitates transfer disinfection into cleanroom
Not classed as corrosive	• Can be used safely on all hard, non-porous surfaces
Ready to Use	• No mixing required

Product Application

- Controlled environments and general institutional/industrial cleaning: Broad-spectrum efficacy (bacteria, viruses, fungi) and one-step cleaner and disinfectant.
- Sensitive surfaces and equipment: Good surface compatibility offers versatility and is not damaging.
- Healthcare and long-term care facilities: One step, ready to use effectively and efficiently clean and disinfect near-patient surfaces and equipment.
- Hospitality and school environments: No harsh chemicals, toxins, or added fragrances provide flexibility for use.
