

VersaHOCl® One Step Cleaner & Disinfectant

Establishing the safest standards in disinfectant technology

At Berkshire, we know that the smallest measure can make the biggest difference. We understand how critical attributes like **efficacy, residue, compatibility and safety, forms, and registration** inform cleaning protocols when choosing a biocide. VersaHOCl®, an EPA-registered powerful and safer disinfectant alternative for cleaning and disinfecting, meets these key requirements. With VersaHOCl®, we are establishing the safest standards in disinfectant technology. With these things in mind, we strive to bring you products that deliver superior performance, consistent quality, and enhanced productivity.
